

BDD WATER TREATMENT PLANT

CHEMICAL: LIQUID OXYGEN

RFB '18/11/B

Pre-Bid Questions:

1. Who is the City's current Liquid Oxygen supplier?
 - Answer: The current supplier for the Buckman Water Treatment Plant is Matheson

2. What is the City's current Liquid Oxygen price?
 - Answer: 0.7807/100cf

3. According to our records, the City still had extensions left on the previous contract. Could the City share why the contract was not extended?
 - Answer: The Buckman Direct Diversion issued an RFB for all water treatment plant chemicals around May 5, 2017, however we received no bids for Liquid Oxygen, therefore we are reissuing the RFB for Liquid Oxygen.
